### VERY IMPORTANT NOTICE TO ALL CONCERNED

1. The above plan is expected to be strictly followed by all regions in the country. This is aimed at bringing unity and fulfilment of purpose.
2. The proposed date for the Retreat is: **October 2014.**
3. Each province should be well represented.
4. To handle the bible study session and workshop, each province should delegate a teacher (one who is spiritually matured). There must be a preview of the bible study and workshop session by the delegated teachers before the programme at a time agreed upon by the region. The Workshop discussions should be well deliberated upon during the preview (teachers should be allowed to express their views) and relevant scriptures should be outlined.
5. We expect that speakers who over the years have been known as teachers of the Word with proven integrity, impeccable character and have attained commendable spiritual height in their Christian walk, and also have interest in teens mentoring / pasturing should be invited as guest ministers at the different regions for the retreat.
6. **Apocalypse** – is a movie that should be aired in all the Regions within the National body during this retreat as it further buttresses the theme. It is available for download on this site. Please download a copy for your region.
